

STUDENT NAME: _____

LAB SECTION (check one): __1(TuTh@3:30) __2(TuTh@6) __3(TuTh@9am) __4(MW@1pm)

CHM 101, Fall 2008

"Homework" Set Coversheet (revised 9/29/08)

Chapter 1 (General Chemistry, 7th ed., Zumdahl & Zumdahl)

DUE DATE & TIME:

**Monday, October 6 @ 11:00 AM in lecture
(6:00 PM for section 2)**

INSTRUCTIONS:

1. Staple this coversheet to the homework problems you've completed for this chapter.
2. Be sure to write your name and indicate your lab section on the top of this sheet. A 1-point deduction will be assessed if either of these are missing or incorrect.
3. Answer the questions at the bottom of this page.
4. Turn in your homework package no later than the day indicated at the beginning of the lecture time. **Late work will not be accepted.** (*I will be a little flexible – as in a few minutes grace period – about this once per quarter for each student.*)

NOTES:

5. Your answers can be checked for "correctness" against the answers in the appendix of the text and/or the *Complete Solutions Guide*, which is in the library on reserve.
6. If you cannot be in class on the due date, you may turn the assignment in early – in lab or during office hours.
7. Note that your lowest homework score for the quarter will be dropped.

Assigned Questions, Exercises & Problems (pp. 31-37):

Misc. & Science: 17, 18	2
Class & Sep of Matter: 67, 69, 71	3
Sig Figs: 8, 19, 21, 25, 27, 29, 31, 33.....	8
Conversions: 16, 35, 39, 43, 47, 73, 75, 77*	8
Temp: 49, 51	2
Density: 53, 55, 57, 59, 61, 63, 76, 78*	8
TOTAL (chapter 1).....	31

How many problems did you *correctly complete* (and attach to this page)? _____
100%=10 points, 90.0-99.9%=9 points, 80-89.9%=8 points, 70.0-79.9%=7 points...

How many did you *attempt*? _____

How many *hours* did you spend working on these problems? _____
