CHM 202

Spring 2009

Laboratory / Research Report Form

Wallace

REVISED 04/05/2009

In-Lab Experiments

Literature Research (outside of lab)

Hours from Previous Weeks: _____

Hours from Previous Weeks: _____

Hours THIS week*: + _____

Hours THIS week*: + _____

Total hrs to Date: = _____

Total hrs to Date: = _____

Project Description & Overall Goal(s):

What have you learned this past week?

What was your greatest difficulty this past week?

What are you planning for your next step?

NOTES:

1. This weekly report is due at 1:00pm each Monday starting on Monday, April 20. You may hand write this report, but I would prefer typed.
2. *No more than 10. hours will be credited to your grade each week.
3. At least 50% of your total hours must be from in-lab experimental work.
4. Each hour of lab/research time is worth 3 points; a maximum of 150 points (50 hours) will be credited toward your final grade in CHM 202.
